Bathini Rupa Venkata Laxmi

Computer Science and Engineering Student

rupavenkatalaxmisrinivasb@gmail.com 8978812506 Hyderabad, Telangana

https://www.linkedin.com/in/bathini-rupa-venkata-laxmi-1b8059305/

OBJECTIVE

Interested and highly motivated, detail-oriented software developer with good foundation in Java. Good at problem solving, object-oriented programming (OOPs) concepts and Structured Query Language. Passionate about continuous learning and eager to contribute to a dynamic IT environment with a collaborative approach.

EDUCATION

Gokaraju Rangaraju Institute of Engineering and Technology,Hyderabad
Bachelor of Technology in Computer Science and Data Science — 2022 – 2026
- CGPA:9.02 /10

Narayana Junior College,Ramanthapur ,Hyderabad
INTERMEDIATE(MPC) — 2020 – 2022
- Marks: 912/1000

Z P High School, Ramanthapur,Hyderabad
SSC — 2019 – 2020
- CGPA: 10/10

SKILLS

- **Programming Languages:** Java, SQL, Python(Basic),JavaScript
- **Technical Skills:** Data Structures and Algorithms, OOPS, AI , ML HTML, CSS, Problem Solving
- **Tools:** Visual Studio Code,Canva, GitHub
- **Languages Known:** English ,Telugu

PROJECTS

1. AI BASED FACIAL RECOGNITION FOR SMART ACCESS CONTROL AND IDENTITY VALIDATION

- Developed an AI-based facial recognition system for **smart access control and identity validation**, enabling secure user authentication and automated verification. Implemented face detection and recognition techniques to identify authorized users and improve security in access management.
- **Technologies used:** Python, OpenCV, Face Recognition / CNN, NumPy, Flask, HTML, CSS, JavaScript

2. DATA VISUALIZATION AND MODEL PREDICTION FOR ANALYTICAL DATA USING PYTHON

- Designed an interactive web-based platform for data upload, preprocessing, and visualization using bar, line, scatter, area, and pie charts. Implemented and compared 17 machine learning models for regression, classification, and clustering
- **Technologies used :** Python , Demucs , DNN , Librosa , Flask , HTML , CSS, JavaScript

CERTIFICATES

- Java Certificate on Hackerrank
- Responsive Web Design on FreeCodeCamp

SOFT SKILLS

- Team Work
- Problem Solving
- Quick Adaption and creativity
- Self Motivated
- Work Ethic
- Time Management
